Does Qwik-SF[®] leave a residue?

NO! Qwik System Flush[®] is designed to remain liquid while cleaning the system and then vaporize when the system is evacuated.

Is Qwik-SF[®] flammable?

NO! Navigate to the product's section of Qwik.com to view a video of Qwik-SF[®] as it is tested in a direct flame.

How do you dispose of Qwik-SF[®]?

Qwik-SF[®] is disposed of as a non-hazardous waste. If you have used it to clean oil from a system, you should dispose of it the same as you would dispose of used oil.

All QwikProductsTM are made in the USA
